SUPERINTENDENT'S REPORT

To the School Board and Citizens of Richmond:

I have the honor to submit, herewith, my seventh annual report.

LANDS AND BUILDINGS: The buildings were thoroughly cleaned but only minor repairs were made. The condition of our treasury precluded any progress on our policy of standardizing the buildings. It appears now that further improvements may be made this coming summer.

TEACHERS AND PUPILS: It was necessary to fill vacancies in the staff in both schools. Matrimony claimed Miss Lewis and Miss Hanscom secured a more lucrative position elsewhere. Miss Reta Thayer of Berlin, New Hampshire, a graduate of Keene, 1931, was elected for North Richmond and Miss Gladys Hawkins of Laconia, New Hampshire, a graduate of Keene, 1931, succeeded Miss Hanscom at the Corners.

Your Board has made very careful estimates, in view of the economic situation facing the country, and has made a determined effort to reduce its estimates to the lowest point without undermining the essential work of the schools. The decrease this year represents a cut over 13 per cent over last year.

Again I wish to express my appreciation to the school board, to the teachers and pupils, and to the parents and patrons of the schools for their loyalty and co-operation, and trust that the same cordiality and harmony may continue throughout this critical period which confronts us. **LET'S KEEP OUR CHILDREN FIRST.**

Respectfully submitted,

WESLEY H. DOUGLASS,

Superintendent of Schools.

Winchester, N. H., February 18, 1932.

LEASON A. MARTIN,
Town Clerk.

WHERE YOUR TREASURE IS—Many a man has come to the end of life only to realize too late that the values for which he spent his precious years were not the real values. He has toiled for self or fame or power or money only to discover that the human values tower above them all. The kindness of neighbors; the affection of friends; the love of dear ones; worthy work well done; treasures of truth and faith carefully taught to a generation ready and eager to carry on—these are the values that make life rich and abundant. It is for these values that teachers and schools stand. These are the values that are needed just now. The depression has reached the final psychological stage. Recovery is a matter of faith. We can hoard our money, starve our fellows, reduce salaries, lower standards of living, and paralyze those vital marginal industries that depend on generous buying power, or we can recognize frankly that our real treasure is human life and set about to conserve and strengthen the vital values. We can put children first and keep them first, knowing that it is they who must carry the torch tomorrow if civilization is to march forward. Of course, this will mean sacrifice, but sacrifice in order that children may have educational opportunity is no new thing in America. Most of the men and women who today are the backbone of our republic hold their present places because farsighted parents knew that children came first, and had the grace and the courage to do without, that sons and daughters might have a better life than theirs had been. That is the real American spirit. In that spirit let us keep the schools at their best. Our great national treasure is the children. Let's keep the CHILDREN FIRST.
